Identity Theft

- How is ID Theft Happening?
- Email Scams and Schemes.
- What To Do If Your Identity Is Stolen.
- 100 Ways To Prevent ID Theft.

Speaker — Lance Hawk CCE, CFE, CISA, CISM - Computer Crime Scene Investigator for Air Products and Chemicals, Inc.

Lance is responsible for global computer-related crime investigations and related computer forensic analysis. Other responsibilities include computer evidence handling and response, intrusion detection and response, computer emergency response, security policies and procedures and security consulting and review.

He has investigated and consulted on more than 500 cases of “black hat” computer hacking attacks and other advanced technology crimes including cyber extortion, cyber stalking, internet tracking and tracing, online predators, industrial espionage and competitive intelligence disclosures.

He serves as a consultant and trainer in the areas of computer security and computer forensics to government and industry. He has been recognized by the Philadelphia FBI on four separate occasions and twice by FBI director Robert Mueller for “exceptional service in the public interest”

Lance serves as the President for the Philadelphia Chapter of Infragard, which is a partnership between the federal government/FBI and industries. Infragard’s primary mission is to protect the nation’s critical infrastructures. He also serves as VP and Past President of the Lehigh Valley Chapter of the Assoc. of Certified Fraud Examiners.
